

FURIOUS FIGHTING CONTINUES UNABATED THROUGHOUT BERLIN

Early Report of Complete Victory by Government Troops Failed of Confirmation and is Later Denied

SPARTACANS ARE STILL HOLDING MANY VANTAGE POINTS IN CITY

Loss of Life Continues Tremendous While Battle Rages in Great City Now Practically Under Siege

BERLIN, JANUARY 9.—(7:00 p. m.)—(Associated Press)—It was given out from official sources here this afternoon that the Government forces had recaptured police headquarters from the spartacans. It was learned this evening however that this statement was not true and the headquarters is still in the hands of the spartacan forces.

NEWSPAPER SECTION UNDER FIRE

BERLIN, JANUARY 9.—(Associated Press)—Determined attacks by the government forces on the plants of the Tageblatt and the Vossische Zeitung which are still in the hands of the spartacans have been going on with short intervals of inaction since noon today.

The machine gun fire in the newspaper quarter is almost continuous and the adjacent streets are not open to traffic either because of being closed by military posts or because the bullets from the scene of encounters nearby render them unsafe.

PROCESSIONS FORBIDDEN

BERLIN, JANUARY 9.—(5:30 p. m.)—(Associated Press)—The government forces are in complete control of that section of the inner city between the Brandenburg gate and Friedrichstrasse. It has issued an order prohibiting all processions.

In issuing its order against processions the government gave warning that its supporters have orders to fire without waiting for the spartacans to begin and to shoot to kill.

The spartacans apparently are losing hope. They failed to summon a mass meeting of their supporters today and the streets are almost deserted.

SAILING DATE OF TRANSPORT IS ANNOUNCED

Huron Will Arrive at Newport News on January 15 With More Than 3000 Men

(By Associated Press)
Washington, January 10.—Departure from France of the transport Huron, due at Newport News on January 15th, with 100 officers and 3,000 men, including the 125th casual company composed of Ohio men, was announced today by the war department.

The company is composed of two officers and 150 men.

BRITISH SHIP STRIKES MINE MANY PERISH

(By Associated Press)
London, January 10.—The British steamer Northumbria struck a mine off Middlesbrough Thursday and it is believed that most of the crew was lost. A boat with two survivors and eight dead has been washed ashore at Newton Abbott.

Four boats which left the ship with survivors are missing and it is believed they were swamped while attempting to make shore.

DECORATED BY BRITISH

BRIG.-GENERAL THORNTON

Brigadier-General Henry W. Thornton, formerly general superintendent of the Long Island Railroad, but since April, 1914, general manager of the Great Eastern Railroad of England, has been made a Knight Commander of the Order of the British Empire, according to a report from London. The honor was extended to General Thornton in recognition of his war work. Two years after taking over the management of the principal railroad of England, General Thornton became a British subject. He went to England at the invitation of Lord Hamilton, who said the Great Eastern needed reorganization and rebuilding and that the owners of the railroad could not find a man in England suitable for the job.

LEON DECORATED BY THE FRENCH

Maurice Leon, noted lawyer and an authority in international law, has been honored by the French Government. Mr. Leon has been honored with the cross of Knight of the Legion of Honor for his services to the Allied cause. Mr. Leon aided greatly in floating the first French loan here.

BUENOS AIRES RIOTS ASSUME UGLY ASPECTS

Two Regiments of Government Troops Refuse to Do Strike Duty in City

Mobs in Street Dispersed in Early Evening

Respite Believed to Be Only Temporary

(By Associated Press)
Buenos Aires, January 10.—It is learned from reliable sources that shortly before midnight two regiments at Campo Mayo, the headquarters of the Buenos Aires district, refused to come to the city for strike duty.

At an early hour last night however, the government had assembled several thousand troops of army and naval contingents. A heavy guard was placed around the government palace and a threatening mob was dispersed in the early evening.

At one o'clock this morning a thunder storm and heavy rainfall cleared the city streets and within half an hour the business center was as quiet as if the disorders of the day had not happened.

Those in close touch with the situation believed the respite was only a temporary one and freely expressed their uneasiness at what might happen later.

Early this morning there were already indications of disturbances in the flow of food supplies and other commodities, especially ice. The temperature of the last three days has been nearly 100 degrees in the shade adding to the suffering of the public which has been forced to walk because of transportation shut-down.

ARGENTINA STRIKE

(By Associated Press)
Buenos Aires, January 10.—A general strike was declared through the Argentine Republic at midnight last night.

DELAYED PRELIMINARY PEACE CONVERSATIONS ABOUT TO COMMENCE

American and French Delegations Have Been Disappointed

Over The Nonarrival of Great Britain's Delegation and May Proceed at Once

(By Associated Press)

Paris, January 10.—After nearly a month of waiting in preparation, conversations which will lay the foundation of the actual peace conference are about to start. American delegates feel that a great deal of progress might have been made before now if a full representation of nations had arrived promptly.

Suggestions had been made that the French and American delegates go ahead while awaiting the arrival of the British delegates who are expected on Saturday. President Wilson, however, vetoed the plan, holding that inasmuch as there has already been so long a delay it would be best to wait a little longer to secure the participation of the British.

As many of the principal questions to be threshed out in preliminary conferences concern most intimately the United States, Great Britain and France, there is some hope of fair headway being made while awaiting the official announcement of the full Italian delegation and the arrival of the Japanese representatives.

President Wilson's feeling on coming to Europe as early as he did was that all the Entente governments had made their preparations to get down to talking peace. It is not an overstatement of the case to say that Mr. Wilson and the American commissioners have been disappointed in meeting with delays. Various elements are recognized by diplomats here as reasons for deferring the start toward peace but it seems plain the influence of the United States is about to be exerted for steps which without further delay will permit a start on the business of returning the world to a peace basis.

The American delegates are understood to feel very strongly that unless plans are made to permit the activities of peace to be resumed in warring countries, the demobilization of their armies may bring unwelcome problems.

The most that can be made of the conferences so far held by Mr. Wilson is that they have approached only broad principles. The conversations about to begin will probably take on the nature of a round-table at which the progress that has been made with individual countries will be brought into the discussion and agreements sought.

WILL CONDUCT MEMORIAL FOR COL. ROOSEVELT

(By Associated Press)

Washington, January 10.—Memorial services of Theodore Roosevelt will be held at the capital on February 9. The house passed today unanimously the concurrent resolution adopted yesterday by Senate fixing the date and authorizing the committee to arrange for the services.

President Wilson, ranking government officials and diplomats will be invited to participate, though it is doubtful if the president will reach home in time.

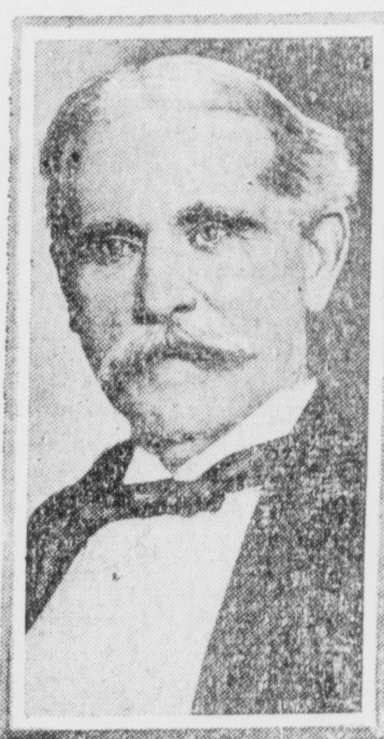

TWO SEATS IN G.O.P. MEETING HELD BY WOMEN

(By Associated Press)

Chicago, January 10.—Two women occupied seats in the Republican National Committee at the meeting here today for the first time in the history of the organization. They were admitted to the inner councils of the party on proxies and enjoyed all the rights of regular members.

The action marked the beginning of a new epoch in affairs of the party and is taken to mean that in the future women will be urged to take an active part in every branch of national Republican politics.

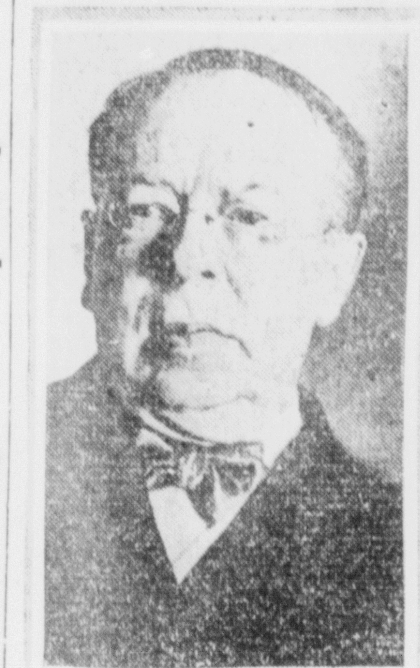

ELECTED COMMISSIONER OF LEGION OF HONOR

DR. HENRY VAN DYKE

The French High Commission has been notified by the French Government of the naming of a large number of Americans to be members of the Legion of Honor for distinguished services rendered to the Allied cause during the war, according to a report from Washington. Dr. Henry Van Dyke, of Princeton, has been elected to be commander. J. P. Morgan, of New York, James M. Beck, of New York, and several other prominent Americans were elected to be officers.

CHARGES INJUSTICE IN U. S. ARMY

SENATOR CHAMBERLAIN

Senator George E. Chamberlain, of Oregon, citing scores of specific instances of court-martial proceedings of American soldiers in France, as well as here, severely arraigned the whole system of military practices and procedure in moting out punishment to alleged offenders and violators of army regulations, in the Senate recently, according to a report from Washington. The Senator protested against the heavy sentences imposed for minor offenses and insisted on the need for a new military code and a tribunal to revise acts of the court-martial.

LARGEST NAVAL FORCE DECIDED ON BY HOUSE

(By Associated Press)

Washington, January 10.—A temporary naval force of 225,000 enlisted men for the year beginning next July was decided on today by the House Naval sub-committee in beginning the work of framing the naval appropriations bill. This force is 25,000 less than recommended by Secretary Daniels.

SINN FEINERS CAUSE TROUBLE IN JOY PRISON

(By Associated Press)

Dublin, January 10.—Serious disturbances have taken place at Mount Joy Prison, where a number of Sinn Feiners had been imprisoned as ordinary prisoners, while claiming treatment as political offenders. The prisoners are reported to have broken the windows and damaged the cells.

STEEL ORDERS SHOWING BIG FALLING OFF

(By Associated Press)

New York, January 10.—Unfilled orders of the U. S. Steel Corporation on December 31 were 7,379,152 tons, according to the corporation's monthly statement issued today. This is a decrease of 745,511 tons compared with the orders on November 30th.

CLAIM ENOUGH

(By Associated Press)

Washington, January 10.—Administration leaders after canvassing the house rules committee decided to make another attempt tomorrow to obtain a rule for the immediate consideration of the \$100,000,000 famine appropriations bill. They said they had sufficient votes to overturn the action of the rules committee yesterday in refusing a favorable report.

STRIKERS TURN DOWN PROPOSALS OF SOUTH

(By Associated Press)

New York, January 10.—The strike committee of the marine workers affiliation unanimously voted today to reject the proposal of A. W. Smith, eastern regional director of railroads, for a 48-hour resumption of harbor activities pending conferences between the government, boat owners and boatmen's representatives with the object of attempting a settlement of the labor strike.

An announcement of possible action by government officials looking toward enforcement of the resumption of traffic was anxiously awaited by both sides.

It was understood no action would be taken pending the arrival of Secretary of War Baker this afternoon, when it was expected he would confer with representatives of the boat owners, the strikers and railroad administration.

Meantime strong intimations were given that the city's rapid transit facilities might soon have to suspend because of exhaustion of the coal supply.

At the interborough rapid transit offices it was admitted that only a three-day supply of coal remained at the company's power house.

WILSON CABLED

(By Associated Press)

Washington, January 10.—President Wilson's influence to compose the strike situation in New York is expected to be exerted today. He has been informed by cabal of the situation and an early reply from him is expected.

MANY BOOKS SUPPORT DRYS IN LAST WORK

(By Associated Press)

Columbus, O., January 10.—With all the law books and decisions of the supreme court readily available members of the legal committee of the Ohio Anti-Saloon League were meeting today in the law library of the supreme court to put the finishing touches on the bill which shortly will be introduced to enforce prohibition in this state.

No intimation as to what the bill will provide was given.

WILSON SIGNS FIRST MEASURE SENDING CABLE

(By Associated Press)

Washington, January 10.—Notice of the signing by President Wilson in France of the first bill sent to the White House by Congress after the president sailed last month was cabled today to Secretary Tumulty. It was the measure authorizing the payment of transportation home of war workers leaving the government service.

The Old Reliable

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Wonderful Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' discrimination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong fluids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquors. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

APPEALS COURT AFFIRMS ACTION COMMON PLEAS

Case To Recover Insurance Won by Defendant in Error and Casualty Company Must Pay.

The judgment of the common pleas court in the case of The Maryland Casualty Company in Error, against Sarah Larrimer, defendant in error, in which the common pleas court awarded Mrs. Larrimer judgment exceeding \$2500 in an action for some \$2800 insurance growing out of the death of Thomas S. Larrimer, has been affirmed by the Fayette County Court of Appeals.

The decision, which is of more than passing interest, says in part: "It appears from the record that the plaintiff in error issued to Thomas S. Larrimer an accident insurance policy.

Defendant in error, Sarah Larrimer, was the wife of Thomas Larrimer and was the beneficiary named in such policy of accident insurance.

On May 22, 1915, while the policy of insurance was in full force the said Thomas S. Larrimer received an electric shock from the effects of which he subsequently died and defendant in error claims she is entitled to recover upon this policy of insurance.

It also appears from the record that said Thomas S. Larrimer filed a statement of claim with the plaintiff in error in which he stated that he had been partially disabled for but two weeks and six days immediately following the accident. The record also shows that the decedent at the end of the period of about three weeks after the accident returned to his work and remained on duty for some time.

Upon a careful reading of all the testimony we are of opinion that there was evidence which may have justified the jury in finding that the decedent in the exercise of care and prudence should not have attempted to return to his work nor remained on duty.

We have examined all the grounds of error urged by counsel for plain-

tiff in error in his briefs and also in the oral argument but finding no error in the record which we consider prejudicial to plaintiff in error the judgment of the lower court will be affirmed.

H. Frank Van Lile, (Cleveland, Ohio) Attorney for plaintiff in error. Gregg, Patton & Gregg, Attorneys for defendant in error.

EFFECTIVE STEPS TO CONSERVE GAS

The annual saving of twenty-six billion cubic feet of natural gas, the equivalent of one-eighth of the entire domestic natural gas consumption of the United States, can be effected in a single industry in West Virginia by state regulation, which will be proposed to the legislature of West Virginia at its coming session beginning January 10th at Charleston, according to announcement made by the United States Fuel Administration.

A movement is under way for West Virginia to continue the activities for natural gas conservation which have been started by the United States Fuel Administration. All the plants in the vicinity of Grantsville, W. Va., which manufacture carbon black, otherwise known as lamp black, from natural gas have voluntarily agreed to close down immediately. This agreement, which has just been effected, will stop the wasteful consumption of fifteen million cubic feet per day, which will be made available for immediate use this winter for domestic and public utility purposes.

The operators of these plants have agreed to manufacture their product hereafter in either Wyoming or Louisiana from wells too remote from populous centers to be available for other uses. The Fuel Administration has also effected arrangements for the manufacture from this gas which will be saved, five thousand gallons of gasoline daily which has heretofore gone to waste.

1,500,000 SOLDIERS OF FRANCE KILLED

25 per cent of the French army has been killed in battle, another 25 per cent have been seriously wounded. This terrible sacrifice of half its magnificent army has been freely made by heroic France that liberty might live. The world, and especially America, owes France an enormous debt of gratitude, not only for this, but for the discovery by French peasants of a perfect remedy for stomach, liver and intestinal disorders which is reported to have saved many thousands of lives the world over prevented innumerable surgical operations and alleviated incalculable suffering. Geo. H. Mayr, a leading Chicago Chemist, imports the ingredients and sells this remedy in America under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary, Frank Christopher and druggists everywhere. Adv.

LEAVES FOR WEST TO VISIT PACKERS

Mr. Walter Herron, assistant manager of the Dahl-Campbell Branch, left Tuesday evening for Columbus where he joined his brother, Mr. H. B. Herron, merchandise broker, for a three weeks trip through the west combining business and pleasure.

The two men left on Friday morning for Chicago and will go from there to Seattle, Washington, Portland, Oregon, San Francisco, Los Angeles, and other western cities, where they will visit the packers of salmon, tuna fish, and the big fruit packers of California, getting in closer touch with the various concerns with a view to using still greater quantities of their products.

CAR INSPECTION WILL BE MERGED

Within the next few days car inspection in this city will be merged under one head, and Ed Anderson will be in charge of the inspection at this point, and will have sufficient assistants to handle the work satisfactorily in this city.

Under the old plan each road has had its own inspector stationed in this city.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. Blackmer & Tanquary. Adv.

ONE SCHOOL GETS PRIZE FOR SALES, ONE GENERAL HERE

Fayette county has one school which on the coveted "School Sammy One Hundred Percent Certificate" because every member of the school is a "Sammy" officer as result of making certain sales of a certain amount of war savings stamps.

This school is the Plain View school of Perry township, and is taught by Miss Ada Knedler. It is one of the few schools in the state winning the recognition, and the certificate showing the honors won has been received and will be framed and hung on the walls of the school.

Announcement also is made that the only "general" Fayette county has is Thomas C. Braden, 9-year-old son of Mr. and Mrs. Ralph Braden, who attends school at Good Hope. "General" Braden won his title by

selling over \$5,000 worth of war savings stamps, and he is justly proud of the recognition.

The coveted honor was won by the Plain View school is fully described in the following official explanation:

"When a room has a one hundred per cent School Sammy officer membership or in other words when every boy and girl in the room has at least reached the rank of Corporal, the S. S. C. Commandant will send to this office for a School Sammy One Hundred Per Cent Certificate, signed by the State Director of War Savings and the Governor. This shall be hung in the room as a permanent tribute to the Sammys and teacher and it will be a recognition of that room's patriotic devotion to its Government. There may not be a large number of these issued, but those rooms that do receive them will know that they have gained an honor that can come only from the most loyal and unselfish work. The teacher will know that her leadership has been put to the most severe test and has proven to be one hundred per cent efficient. In disregarding all sales made during the past year and basing the standing of the various rooms on sales made through Vacation Thrift Committees and sales made during this school year, we are all putting past achievement behind us and are attending to the conquering of new fields.

WORTH \$50.00 A BOTTLE
Wm. Barnes, San Antonio, Texas, writes: "Foley's Honey and Tar has been worth \$50.00 a bottle to me. I had the flu, followed by pneumonia, which left me weak with a persistent cough. The cough hung on. Some one advised Foley's Honey and Tar. I have completely recovered and do not cough at all." Blackmer & Tanquary. Adv.

Such Women Just Have to "Give Up"

"Man may work from sun to sun, but woman's work is never done." That's why women are overworked, nervous, all run down, no appetite, and can "hardly drag around." Vinol creates a hearty appetite, strengthens the digestive organs, induces sound sleep, invigorates the nerves, and in this natural manner creates working strength.

Narragansett Pier, R.I.

"I was all run-down, back ached, and tired all the time. I keep house for my husband and four children and could hardly keep around. Finally I tried Vinol and it has restored my health and helped me wonderfully, so I recommend it to others who are in this condition." Mrs. Hannah Randall.

Jacksonville, Ill.

"I keep house for my little family, but got into a weak, nervous, run-down condition, tired all the time and no ambition. My doctor told me to try Vinol, and in a week I felt like a new person. I am now strong again, look after my baby, and do all my housework."—Mrs. G. H. Lamson.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

RUMER & LOWE

FUNERAL SERVICES LARGELY ATTENDED

The funeral services of Mrs. Madison Dowler were largely attended by relatives, friends and neighbors at Grace M. E. Church Thursday afternoon.

Rev. Charles L. Pfaltzgraf, of Good Hope, officiated, assisted by Rev. Arthur P. Cherrington. The services were affecting and beautiful in their tribute to a woman beloved and esteemed in whatever community she has resided.

Mrs. John King, Miss Daisy Cockrell, and Mrs. Bruce King sang "Some Day We'll Understand" and "Somewhere the Sun is Shining." Rev. Pfaltzgraf read the hymn "Near-er My God to Thee."

The burial was made in the family lot of the Washington cemetery. Six nieces acted as pallbearers, Misses Nona and Anna Wolfe, Opal Garringer, Riva Saum, Greenfield, Marguerite Saum, Flora Irons.

The flowers were very beautiful sent by the immediate family, many relatives and friends. The Junior Lodge of Good Hope sent a handsome spray.

Accompanying the husband and two sons, from the New Holland home to the church were Mrs. Dowler's parents, eight living brothers and sisters, Mr. Dowler's parents and others. Those who came were Mr. and Mrs. Stephen Garringer, Leo and Dell Garringer, Mr. and Mrs. Charles Dowler, Mr. and Mrs. Ralph Saum, Mrs. Mary Saum and daughter Riva, of Greenfield, Mr. and Mrs. Frank Garringer, Mr. and Mrs. E. Wolfe and family, Mrs. Kitty Irons and family, Mr. and Mrs. Dolph Allison and family, Mr. and Mrs. Carey Garringer and family, Mr. Dean Garringer. Coming over from Jamestown to attend the services were Mr. and Mrs. A. D. Garringer and daughter Dorothy, Mr. and Mrs. Sim Garringer, Mr. and Mrs. George Garringer, Mrs. Lulu Persinger.

UNRULY YOUTH IS SENT TO PRISON

Marvin Cockerill, aged 14 years, inmate of the county children's home was committed to the state industrial school, or prison for incorrigible boys, at Lancaster, Friday morning.

The lad had become so unruly that he could not be managed and at every opportunity would run away from the institution, the last time being picked up in Circleville. In addition to this he had a bad influence over his younger associates at the county home.

MANY WOMEN FAIL TO MAKE REPORT

Only forty women of Washington and Fayette County have reported to Mrs. Eva J. Penn, work shop Red Cross chairman, their names as having given 800 hours work to the Red Cross since 1917.

When it is remembered that work done at home, knitting or sewing or any branch of Red Cross service, is counted to make up the 800 hours it is a safe statement to say that many women who have given the full allotment or more, of time have not reported.

Fayette County ought to make a better showing in the number of women who are entitled to place on this honor roll and in the years to come women may be glad that their names are so listed.

There is nothing of the nature of self advertising in giving in these names; they are desired as a matter of government record, so that recognition may be made.

The list will be sent in very soon and names should be reported to Mrs. Penn at once.

AFTER THUGS WHO ATTACKED DRIVER

Military authorities Wednesday turned two men, Eugene Crawley and Clifford Lewis, over to Sheriff Imnell to be prosecuted in common pleas court on indictments by the recent grand jury.

Crawley and Lewis are charged with attacking John Page, Greenfield, while he was driving them to this city in his automobile on Oct. 15, and cutting his throat. Other indictments charge them with taking \$30 off his person and also throwing him out and taking the automobile after the attacks. The two men will be arraigned before Judge Goldsberry Saturday morning—Chillicothe News.

OUT OF HOSPITAL AFTER SIX WEEKS

Willard Morris, son of Emmitt Morris, of Green township, recently was able to leave a hospital in London, England, after an illness of six weeks due to influenza. The young man has been sent back to his company, in the 30th Division, and expects early to return to the United States.

What of Russia?

The people are groping in the dark with regard to happenings in Russia. But little is known, positively, as to conditions and happenings in that land of mystery and turmoil. The news that comes out of Russia is fragmentary and for the most part unreliable. Reports as to the condition and the actions of our troops in Russia are not as regular nor as reassuring as we would like. That a state of the wildest anarchy and terror reigns throughout the greater portion of Russia seems certain, but that the great majority of the population are wholly out of sympathy with the anarchist leaders seems also reasonable to believe. The helplessness of that majority to throw off the yoke, many times more terrible, in its effect, than the old burdens of autocracy under the Czar, has been cruelly proven.

There is much speculation, and justly too, in America as to why our troops are in Russia and what mission it is hoped they will accomplish.

The treaty obligations between this nation and Russia have never been abrogated. There has been no formal declaration of war by this nation against Russia or even against the present regime. Our latest formal dealings with Russia were friendly.

Under what authority then, and why, are we maintaining an armed force in Russia, is the question which is asked over and over again.

The obligations, unforeseen at the beginning, which attach to a nation once involved in war are many and strange.

We must remember that this nation, so far as any formal declaration is concerned, is still at war with Germany and her allies and still under treaty obligation to the Russian people. It is our duty to ourselves and to the nations associated with us to see that the terms of the armistice are complied with. It is our duty, also, and the duty of the allied nations, to keep sacred the treaty obligations with the Russian people whose government was overthrown by the Central Powers alliance, with which we are yet engaged in war. The agents of the Central Powers are in control in Russia. We must protect the world from the attacks of that branch of Hun power, as yet unconquered, and which has not yet become a party to the armistice and, at the same time, we must endeavor to rescue our allies, the people of Russia, from the grasp of the Hun operating through the agency of Lenine and Trotsky.

The fact that some elements in Germany would gladly rid themselves of the peril of Bolshevism does not change the fact that German influence set on foot the anarchy in Russia and many Germans are now seeking to exploit that great land, just as certainly as they were before the armistice was signed.

It is to bring the Huns entirely within the bounds prescribed by the armistice on the eastern as well as the western front that the Russian campaign is proceeding, tediously now, in the grasp of the arctic winter season, but preparatory to more vigorous fighting next spring.

We Can't Believe It

It is difficult for Americans to place very much credence in the report accredited to a London newspaper that the Prince of Wales, soon to visit British possessions in America, will also tour the United States and while here will "look about" with a view to contracting marriage with one of our charming American girls.

Americans don't want to believe that there is any possibility that even a remote intention of that sort is entertained by the young heir to the throne of the British Empire.

Personally the Prince of Wales may be a very fine young chap—no doubt he is and no doubt but for his official position he would make one of our fine American girls or any other girl a splendid husband.

But such a marriage would be considered a linking or at least an attempt to link America with British royalty. We don't like that—that's going too far. British royalty is all right, we suppose,—for Great Britain. It has done pretty well for itself and as a figure head of government, under wise British restrictions and safeguards, barring a few lapses when British kings forgot they were only figure heads, sought to rule and lost their heads, but America has done very well too, in steering clear of royalty.

But we can't think there is any foundation in fact at all for the rumor.

POEM FOR TODAY

THEY SHALL PAY

Pay for the blood you have spilled
in Picardy!
Pay for despair, and the tears of the
old!
Pay for the terror of children in
darkness!
Buy desolation with silver and gold—
Pay for the eyes you have plunged
into midnight!
Pay for the bodies you've shattered
so well!
Pay for the laughter you've turned
into screaming!
What is your market of values in
hell?

Pay for the heartaches that runs like
a river,
Circling the sorrowing mothers of
men!
Pay for the prayers of love and of
longing!
Here is a bill that will stagger you
then:

You cannot pay; but you children's
sad children,
Bearing the sting of your country
and name,
They shall be bent with your debts
of dishonor;
They shall be bowed with your bur-
dens of shame.

Through their despair shall be paid
the last farthing;
Through their distress shall be can-
celed each debt;
Yea, in their dreams will your Ne-
mesis follow,
What you have done they will never
forget.

LET'S TALK IT OVER—BY HAL COFFMAN

Do you know the fellow in between the man with the automobile and the one with the home? The good natured chap that everybody likes and has nothing of his own? You ask him out to your house to dinner and you ask him to take a ride with you in your car, but it never occurs to him to save his usually too busy being a "good fellow" and spending his money. He gets as much money as you and never has anything to show for it. Do you know him? It couldn't be any chance be YOU, could it? "The fellow in between" some day wakes up and finds himself on the end of a park bench. Think it over.

H. C.

WARRIORS BACK AT OLD PLACES IN WHEAT STATE

Kansas City, Jan. 10.—(By Associated Press)—Sixty-five per cent of the discharged soldiers of Missouri are returning to their former positions and twenty per cent are going to the farms, according to W. W. Brown, federal director of the Department of Labor, United States Employment Service, who is in charge of the placing of Missouri soldiers.

Missouri labor officers claim to have originated the plan of sending questionnaires to all Missouri men in the United States camp to learn their future plans, qualifications and needs. It has since been adopted by employment directors of many other states.

Forty thousand industrial concerns of the state also were circulated by the employment officials to determine their labor needs. Returns have been received from 75 per cent and positions found for all soldiers who could not find places unaided. All farm agents are reporting through the farm division of the service.

Provision has been made for employment of maimed and crippled soldiers by the Handicap Division. Firms readily agreed to take soldiers with physical handicaps. Crippled soldiers returned so far are very few.

Replacement bureaus, offices through which returned soldiers are to be placed in civil life, have been established at St. Louis, Kansas City, St. Joseph, Hannibal, Cape Girardeau, Sedalia, Jefferson City, and Joplin. Commercial clubs, welfare boards, councils of defense, Y. M. C. A., Y. M. H. A., organizations and other agencies are cooperating with and reporting to the federal labor bureaus, thus putting the entire work under one directing head. J. Will Kelly of Topeka is the federal director for Kansas.

GOVERNMENT SALE—135 cavalry horses, 275 artillery horses, 300 draft mules, 34 pack mules, all serviceable and 400 sets of harness, 100 saddles, and 100 bridles will be sold at PUBLIC AUCTION at AUXILIARY REMOUNT DEPOT NO. 318, Camp Sherman, Chillicothe, Ohio, beginning at 8:00 a. m. Tuesday, January 14th. Particulars may be obtained by corresponding with that office.

COURT AND MAIN STREETS

News of Interest to Women

The absence of even the small and informal affair from Society's calendar in war days made exceptionally pleasurable the four table Auction Bridge at which Mrs. H. E. daughter charmingly filled the role of hostess Thursday afternoon.

The affair was in compliment to Mrs. Frank C. Parrett, who accompanied Mr. Parrett to Columbus to remain throughout the General Assembly, and brought together a congenial group of intimates, fully realizing that their circle will be depleted to an unusual degree during the winter in the loss of the very attractive honor guest, whose ready wit and fascinating personality make her doubly indispensable.

At the close of a gaily contested game the hostess served a delicious collection, daintily appointed, with crystal baskets, the handles tied with purple tulle bows, and filled with nuts, placed in the center of each small table.

Assisting in the informal hospitalities were Mrs. G. L. Sragg, Mrs. Ray Maynard and the winsome little daughter, Janet Daugherty.

Mrs. Nettie James, of Denver, Colo., was an out of town guest.

Mr. and Mrs. J. Bruce Mark threw open their spacious country

home near Seldon, for a handsome noon dinner Thursday.

The table looked exceedingly pretty with decorations of rose carnations and fern and the place cards carnations.

A very elaborate menu was served, and following the dinner there was a delightful afternoon of visiting and Edison music.

The guests included Mrs. George L. White, of Xenia, a sister of Mrs. Mark, Mr. and Mrs. Roy Sollars, Mr. and Mrs. Jean Nisley, Mr. and Mrs. Walter Sollars, Mr. and Mrs. Oscar Wike, Mr. and Mrs. A. C. McCoy.

Although there is a decade of years between them, two brothers, Ralph and Jean Nisley, celebrate their birthdays on the same day. In honor of this dual birthday Mr. and Mrs. Ralph Nisley, of near Seldon, delightfully entertained with a dinner Thursday evening.

Pink carnations were tastefully used in decoration.

The guests were Mr. and Mrs. Jean Nisley, Mr. and Mrs. Roy Sollars, Misses Marie Nisley, Alma Sheridan, of Sabina, Charlene and Georgiana Mark.

The Daughters of America held

their regular meeting Thursday night at half past seven o'clock.

After the business session the society entertained in honor of twelve visiting club members from the Buckeye Council, of Jeffersonville. Refreshments were served and a general good time enjoyed.

The entertaining committee had the affair in charge.

Two note worthy meetings of the W. R. C. have been held since the last report, at both the honored President, Mrs. Sarah Thompson presiding.

The features of the December meeting were the splendid report of the district convention given by the delegate, Mrs. Sarah Sollars, and the election of officers for 1919. Thursday's meeting, opening up the new year, was largely attended and the interest centered chiefly in the installing of officers.

Mrs. Sue Tobin filled the role of installation officer, assisted by Mrs. Sarah Sollars as conductor. The following officers were installed:

Mrs. Clara Bonham, Sr. Vice Pres., Mrs. Lucy Hayes, Jr. Vice Pres., Mrs. Emma Hoppes, Pres., Mrs. Nancy Roberts, Chaplain, Mrs. Bernice Hildebrand, Treas., Mrs. Nannie Briggs, Secy., Mrs. Alma Katz Press Cor., Mrs. Elizabeth Carpenter, Patriotic Instructor, Mrs. Callie Walton, Cond., Mrs. Anna Leland, Ass't. Cond., Mrs. Bess Briggs Musician, Mrs. Emma Hay, Guard, Mrs. Christine Bryson, Ass't Guard, Color Bearers, Mrs. Bell Pickering, No. 1, Miss Ella Taylor No. 2, Mrs. Lydia Porter No. 3, Mrs. Ella Devaney No. 4.

After the ceremonies the executive committee served a most delicious two course supper, to the ladies and 17 members of the Grand Army as their guests. During the afternoon Mrs. Laura Gregg rendered a delightful vocal solo and a number of piano solos. Quite a number of the comrades, expressed their appreciation of the floor work, so beautifully demonstrated, especially by the color bearers, Mesdames Beck, Hamm, Morris and Inskeep.

Once again "Old Glory" has come successfully through a serious struggle and it behooves all loyal W. R. C. members to celebrate the unequalled success of our Armies.

The Elmwood Ladies Aid Society met at the home of Mrs. Elizabeth Shafer on Circle avenue, Thursday afternoon. An election of officers resulted as follows: Mrs. Ola Bush, President, Mrs. John Deere Vice President, Mrs. Wilber Campbell, Secretary, and Mrs. John Browning, Treasurer.

Refreshments were served at the close of the meeting during an enjoyable social hour.

Mrs. C. B. Griffith hospitably entertained the new Holland W. C. T. U. Thursday.

Contributing to a good program in papers and solos were Miss Gooley, Mrs. Virgil Jennings and Miss Armstrong.

Refreshments were served and Victrola music enjoyed.

Mrs. Homer McCune, of this city, was a guest.

The half hundred or more young people, who tendered Mr. and Mrs. Roscoe Duff an old fashion belling, Thursday night, were royally entertained at the Duff residence.

Games, dancing and refreshments rounded out an evening of merriment, which passed all too quickly.

Mrs. Edward Reed and daughter, Miss Evelyn, of Portsmouth, are the guests of Mrs. Reed's cousin, Mrs. Wirt Shoop.

Dr. Don Tullis, of Chicago visited his mother, Mrs. L. O. Tullis, and sister, Miss Blanche, Wednesday night, going on to Columbus Thursday to attend the New Era Meeting. Dr. Tullis is now in charge of the Y. M. C. A. Vocational department in the camps of fourteen states, making his headquarters in Chicago. He has been visiting Western Camps as far West as Denver, Colo., and was enroute from Camp Sherman to Cleveland.

Mrs. Walter Sprenger, of Columbus, is visiting her sister-in-law Miss Alta Sprenger.

Mrs. A. L. Teeters, of Bowersville, is the guest of her mother Mrs. Frank Flee, Sr. in Millwood.

Messrs. M. J. Hagerty and Wirt Shoop returned Thursday night from St. Louis, Mo., where they spent the past week in attendance at the National Shoe Dealer's Convention.

Misses Florence and Elsie Rowe are spending the day in Columbus on business.

Mrs. Carey Persinger went to Columbus, Thursday night to join Dr. Persinger for Friday's session of the New Era Movement Convention.

Dr. F. E. Hall, formerly, of this city, has opened an office at No 137

East State street, Columbus, Ohio, and for the present will devote his time to the general practice of medicine. Dr. Hall is a graduate of Washington High School, 1913, of Ohio State University 1917, and served six months as Lieutenant in the U. S. Medical Corps after he had completed one years hospital internship. Dr. and Mrs. Hall reside at 236 East Oakland Ave.

Mrs. George L. White, of Xenia, is the guest of her sister, Mrs. J. Bruce Mark, of Glendon.

Mrs. Spencer Calvert and daughter, Miss Ethel, spent Thursday in Columbus, the guests of Rev. and Mrs. T. W. Locke.

Mrs. Claude Saxton returned to Marion, Thursday after a short stay with her parents, Judge and Mrs. Frank M. Allen.

Mr. Austin F. Hopkins spent Thursday in Columbus to attend the New Era Movement meeting of the Presbyterian Church.

Mrs. Addie McCoy went to Dayton Thursday evening to be the guest of Mr. and Mrs. Wayne McCoy for the remainder of the week.

Mrs. Clarence Craig and little son Andrew returned Friday from a visit in Greenfield with Mrs. Craig's parents.

Mr. J. E. Van Pelt has received word that his nephew Pvt. Maryon Mark, who had been in training at Camp Johnson, Fla., for sometime, has landed in France.

Friends in this city will be interested in learning that Mrs. Paul Zimmerman (nee Ruth McCoy) of Cleveland received a cablegram, Monday, from her husband, Lieut. Zimmerman, 2nd Bn 330th Infantry that he was at Brest France, a principal port of embarkation, expecting to sail soon.

Mr. Robert C. Dunn received a letter Thursday, dated December nineteenth, from his son James Franklin, saying that he has been transferred to the 105th Engineers, 39th Division, composed of Tennessee, North and South Carolina and District of Columbia troops. This division is on duty in Northern France.

Mrs. Jess Feagans goes to Columbus this evening to spend a few days with her sister, Mrs. Elmer Cockerill, who underwent an operation at Grant Hospital a couple of weeks ago. Friends of Mrs. Cockerill will be interested in learning that she is showing improvement.

Mr. and Mrs. W. J. Smith are announcing the birth of a daughter, Thursday night, at their home on S. Fayette street.

Mr. L. A. D. Woodmansee has wired Mrs. Woodmansee, from Newport News, Va., of his safe arrival from over seas Medical service and is expected home the first of the week.

Mrs. Homer McCune visited her sister, Mrs. George Moler, in New Holland this week.

Miss Ether Grimes was a hopping visitor from New Holland here today. Mr. and Mrs. W. C. Eyre have returned from a visit with their daughter, Mrs. T. C. Morgan, and family, in Marion, Ohio.

Mr. W. Z. Bush, who has been visiting his mother, Mrs. Mary Bush and sister, Mrs. Anna Bush Coffman, left Friday on a business trip to New York, returning from there to his home in Raleigh, N. C.

Miss Ruth Armistrot a High School student, slipped and fell while walking through the big center corridor of the High School, dislocating her wrist. A ball of snow which had caked on the heel of the young girl's shoe occasioned the accident.

Mrs. T. C. Bostwick and family of Milledgeville, are recovering from an illness of several weeks from the influenza.

CARD OF THANKS

Through the Herald we desire to extend our sincere thanks to all friends and neighbors and those who rendered assistance in the illness, death and burial of our mother, Mrs. Rachel Jane Steele, and for the beautiful flowers received.

THE FAMILY.

ROLL OF HONOR

Included in the 160 casualties announced today are 69 Ohioans only two of whom are from this part of the state.

The casualties are divided as follows: Killed in action 28; died of wounds, 58; died of accident and other causes, 8; died of disease, 59; wounded severely 176; wounded degree undetermined, 3; wounded slightly 5 missing in action 24.

Ohioans from this part of the state are:

Killed in Action—Private Harry Mills, Greenfield.

Wounded Degree Undetermined (Previously reported Missing) Private Frank M. Wolfe, Mt. Sterling.

ILLUSTRATED LECTURE SECOND OF SERIES

The second of a series of illustrated lectures on the work of the Church of Christ will be given at the above church Sunday evening at 7:30. The lecture will be on "Marvels in the Orient," a most fascinating study of the Eastern hemisphere, showing unique customs, beautiful scenery, sacred temples, mountains and waters; a strange mixture of wealth, poverty, superstition, etc., leading to the introduction of Christianity the awakening of millions.

In connection with the above a splendid program of special music and songs has been arranged for.

The pictures and machine will be in charge of Z. E. Irvin.

AGED RESIDENT IS SUMMONED

Mrs. Sophia Bunn Mitchell, one of the oldest residents of the city, passed away, Thursday afternoon at one o'clock at the home of her only son, Mr. David Mitchell on North street, at the advance age of 93 years.

The body accompanied by Mr. and Mrs. Mitchell was shipped Friday morning to the former home at Jackson for funeral services and burial in the Jackson cemetery.

PAYING RAPIDLY

The payments are pouring in quite rapidly at the county treasurer's office, the figures up to Friday morning standing at \$137,172.45.

Feeding wormy animals is wasting food. They eat more but they do not thrive.

Every farmer wants to be up to the limit of production while the hungry world is calling for food.

Make every pound of feed you feed do its whole duty.

Drive out the worms and condition your stock for growth, for work—for beef, mutton and pork, by feeding Dr. Hess Stock Tonic.

ELIMINATE WASTE AND INCREASE PRODUCTION.

Condition your cows for calving by feeding Dr. Hess Stock Tonic before freshing. Then feed it regularly to increase the flow of milk. It lengthens the milking period.

It means healthy, thrifty animals free from worms. It contains Tonics to improve the appetite, Laxatives for the bowels, Vermifuges to expel worms, Aids for digestion, Ingredients which have a favorable action on the liver and kidneys.

THERE'S ECONOMY - IN SHEDS

IF LUMBER IS BOUGHT HERE

At the price we quote for shed lumber you cannot afford to leave even one pair of wheels unhoused. There is more money lost each year in the deteriorating effects of the weather on implements and tools outside than it would take to build sheds for them all. And the shed lasts a long time.

Don't Lose Money That Way.
See Us for Shed Lumber.

ONE BY ONE THE STATES RATIFY DRY MEASURE

Number of States Are Rapidly Mounting Toward Coveted 36 to Make Prohibition Complete

(By Associated Press)
August, Maine, January 9.—The Maine Legislature Wednesday took the final steps necessary to ratification of the prohibition amendment to the Federal Constitution when the House voted in its favor, 129 to 22. The Senate unanimously ratified the amendment last week in what was considered an informal vote, but after the resolve had been sent to the House for concurrence the Senate voted to recall it for reconsideration. The resolve, however, had been tabled in the House and was not returned. After the House vote today Senate officers decided that last week's vote in the Senate was binding and that no further action was necessary.

IDAHO IS 21ST
Boise, Idaho, January 9.—The Senate of the Idaho Legislature, following the example set by the Lower House rushed through under suspension of rules a joint resolution ratifying the proposed amendment to the national constitution, providing for nation-wide prohibition. Idaho was the twenty-first state to ratify the amendment.

ILLINOIS TOO
Springfield, Ill., January 9.—By a vote of 36 to 15 the Illinois Senate tonight ratified the Federal prohibition amendment. The House will act on the resolution later.

SAME IN W. VA.
Charleston, W. Va., January 9.—The Senate of the West Virginia Legislature, at its opening session unanimously adopted the Federal prohibition amendment. It now goes to the House, where it will be acted on tomorrow.

TENNESSEE HOPS IN
Nashville, Tenn., January 9.—The General Assembly of Tennessee has ratified the Federal prohibition amendment, making the twentieth state to vote for ratification. The House vote was 99 to 6 and the Senate 28 to 3.

UNDUE STRIKE THREATENS SOLONS

(By Associated Press)
Columbus, O., January 9.—The House of Representatives is said to be threatened with a "strike" of porters, pages and committee and cloakroom attendants. Cause—alleged wage discrimination.

The Senate, recognizing the advance in living cost, granted its pages, porters and attendants an increase of 50 cents a day over wages paid last session, the new scale being \$3 for pages and \$4 for porters and other attendants. The House, however, refused to recognize the increased living cost and voted to pay its employees at the old scale, \$2.50 for pages and \$3.50 for other attendants.

Now the House employees say this is purely discrimination, more so because the work in the House is almost four times greater than in the Senate, there being almost four times as many members. Unless the wage scale is equalized, house employees threaten to walk out.

ACCUSED MEN ARE FACING THE COURT

(By Associated Press)
Wilmington, O., January 10.—Lee and Blaine Leighley, alleged accomplices of Homer Bowen, of Washington C. H., convicted in this city and sentenced to the penitentiary for burglarizing a country store near this city, were placed on trial in the common pleas court here today. The men are charged with burglary.

SMOKERS CAUSE GIGANTIC LOSS DURING YEAR '18

Careless Handlers of Matches and Cigars and Cigaret Stubs Cause \$15,724,556 Loss

Total Property Loss in U. S. \$60,466,054

(By Associated Press)
New York, January 9.—Careless smokers and users of matches were responsible for \$15,724,556 of the total loss of \$60,466,054 worth of property by "preventable fires" in the United States during 1918, according to members of the Fire Marshals' Association of North America who are holding a two day's conference here with the National Board of Fire Underwriters beginning today.

Figures showing that the United States leads the world in property destruction by fires were given in the opening session, the damage per capita being stated as \$2.10 annually in this country as compared with 49 cents in France, 33 cents in England, 28 cents in Germany, 25 cents in Italy and Austria, 15 cents in Switzerland and 11 cents in Holland.

Homer Rutledge, of Lansing, Michigan, fire marshal of that state, discussed "The Arson Trust" and showed how incendiaries had burned \$3,121,816 worth of property in one year during the war, exclusive of the many other millions destroyed indirectly by explosions. Ole O. Roe, of Des Moines, fire marshal of Iowa, in an address on "Pyromania," said education was one of the most efficient means of combating this evil. F. R. Morgaridge of New York, formerly assistant fire marshal of Indiana, said most firebugs were adolescent boys and girls. He advocated proper home and school training.

Despite the fact that the United States was at war and that enemy agents were active, twenty states reported a slight decrease in the number of cases of arson. While it was announced as a fact that in the first nine months after America drew the sword \$43,000,000 worth of war industries went up in smoke, in only ten per cent of these cases was there even suspicion of spy-work. "Carelessness" was designated as the biggest firebug of all. One grain elevator fire alone destroyed enough wheat to make a year's supply of bread for 200,000 soldiers.

Many fires at first attributed to German spies and pyromaniacs were found, upon investigation, to be due to other causes. One notable instance was a spectacular and costly waterfront fire in Brooklyn, the Dow's Stores, in which a vast quantity of grain intended for shipment to the Allies was destroyed. It

HONORED BY FRANCE

RABBI STEPHEN S. WISE

Dr. Stephen S. Wise, rabbi of the Free Synagogue of New York, has arrived in Paris as chairman of the Zionist Organization of America, according to a dispatch from the French capital. The French Government has notified Dr. Wise that in appreciation of his eminent services to the French cause, he will be honored with the decoration of an officer of the Legion of Honor.

was discovered that the blaze was the result of a dust explosion caused by a spark either from friction or static electricity. Another conspicuous instance was the Baltimore pier fire which at first was positively ascribed to pro-German plotters. Rigid investigation by Federal agents, according to fire marshals definitely determined its nonincendiary origin.

Following a reference to the Morgan, N. J. disaster in which nearly one hundred lives were lost and \$20,000,000 damage done, delegates spoke of work accomplished the past year by the fire prevention section of the War Industries Board. This bureau, it was stated, had inspected more than 2,000 large plants valued at over \$10,000,000,000 and in a large percentage of cases the "safety" recommendations of its volunteer dollar-a-year engineers were carried out.

CORN IMPORTS BAN IS LIFTED

Washington, Jan. 10.—(By Associated Press)—All restrictions on the importation of corn and rice have been removed by the war trade board.

At the same time the board announced that it would consider favorably applications for the export of rice and for license for the shipment of jute and jute products, except yarns and nitrate bags, to all destinations.

Argentina is the chief country affected by the removal of the embargo on importations of corn. Large stores of corn are held in that country for export, it is said, and this corn may now be sent to the United States and also probably to the allied countries, since most embargoes placed by the war trade board were in accord with an interallied agreement.

Action by the war trade board in removing the embargo on corn followed repeated statements by Edgar Rickard and other food administration officials today that no recommendations to remove the embargo on Argentine corn had been made. J. J. Stream, chief of the course grain division of the food administration, had stated at Chicago that such a recommendation had been made and later reiterated his statement when his attention was called to the denial by the food administration.

Sharp declines in the price of corn on the Chicago Board of Trade followed, the market closing with prices down from 3½ cents to 7½ cents a bushel, compared with 24 hours before.

Refractories Company's Stationary Engineer Gives Nerv-Worth All The Credit

In source and quality this entirely new signed statement made at the Fisher & Streich Pharmacy, Portsmouth, O., a few days ago, is one of

the most convincing ever submitted in behalf of a medicine.

"For twelve years I have had stomach trouble. My digestion was poor and had bloating of the stomach and belching and gas. I was so nervous I would often at night jump out of bed to get relief. My nerves were so affected I could scarcely write a letter. I saw Nerv-Worth advertised in the Portsmouth Times and I decided to try it. I have been taking Nerv-Worth for two months and must say my stomach is getting in fine shape, so that what I eat agrees with me. My nerves are getting better and I have gained twenty-two pounds.

"I have doctored and tried many patent medicines and I can say

Nerv-Worth has done more for me than anything I have ever tried.

"CLYDE R. INGLES

SAILORS GIVEN PLACE TO SLEEP IN OLE LUNNON

(By Associated Press)

London, January 10.—Seven hundred American bluejackets were nightly guests of the people of London, after the armistice was signed and they could be spared from the duty of chasing submarines for a look at the city.

The hotels were so crowded that the only bedroom the city could offer the sailor boys was some vaulted hall in a public building. The favorite sleeping place was the handsome building known as the Law Courts where the Strand joins Fleet street, a central location. Here, as the Chronicle described it, "Uncle Sam tucked himself to sleep in the Great Hall."

It was a strange picture these sailor lads made, lying comfortably in the room where British justice had so long been administered. But they were not impressed with the dignity of their surroundings. One corner they dubbed the "divorce court." One of their more dignified members they dubbed the "Lord Chief Justice."

Laughing and joking they made the great building ring with their fun. "It's not as good as a hammock, but a darn sight more stable than a destroyer," remarked one of his mates as they ate their breakfast. And the rest agreed.

The movement for the entertainment of the Americans included the use of Westminster Hall in the Parliament building if it became necessary.

NO SHORTAGE OF TONNAGE NEAR

(By Associated Press)

London, January 10.—There will be no shortage of cargo tonnage for supplying world needs during the first half of 1919 in the opinion of Edward N. Hurley, chairman of the United States Shipping Board. It is passenger space for transporting troops home that is occupying attention of the Allied Shipping controllers. No nation can have as much of that as it wants now.

After conferring with industrial and shipping heads in England and France and viewing a large part of the battle areas of France and Belgium, Mr. Hurley stated that it would take at least six months, possibly more, for France and England to rehabilitate their industries to the point where large amounts of raw material would be needed.

It is pointed out that it would be useless to send industrial machinery and raw materials to France until her destroyed factory buildings are made ready to receive them.

Almost the entire British industrial system now is a huge munitions production machine virtually idle. Until it is transformed to its pre-war state raw materials would be a burden. It will be necessary to import some machinery for the transformation but not enough seriously to tax cargo space for the next seven months, Mr. Hurley believes.

The thirty-two German passenger vessels in German ports have been the center of most of the allied ship-

ping discussions on this side for weeks. Americans want all of them they can get to send home roughly 1,700,000 men as soon as possible. England must send home to Canada about 300,000, to Australia about 200,000, to New Zealand 75,000 or more and bring to England thousands from Mesopotamia, Palestine and other places. Obviously the American problem is the greatest and it is understood, that, in pressing for ships, Americans generally have insisted that the United States, with less than two years of war, is in a better position to assimilate its returning troops than is England whose industrial conditions have been more disturbed.

RAIL-LIGHT CO. GIVES UP FIGHT

Columbus, January 10.—(By Associated Press)—Back to eight tickets for a quarter!

A retreat has been taken from an impossible situation by a partly-organized board of directors of the Columbus Railway, Power and Light Co.

The change of front was brought about by the determined fight of the minority stockholders, Messrs. Kurtz, Massie and Klesewetter and finally and decisively forced by the judicial rulings of Judge Kinkead in the pending receivership proceedings.

In connection with the hearing on Wednesday it was forecast that the company, to avert a receivership, might go back to the ticket fare with free transfers. This the company has decided to do.

The exposure in council last week by President Westlake of the existence of a large yellow dog fund, which he said the company had long and continuously used for secret purposes, was a factor in bringing about a sudden change in policy by the company.

GROUP MEETING

The N. Main-Hinde Street Group will meet Friday at 7:00 p. m. with Mrs. Eph Worthington 328 N. Main Street.
